Association for Practical and Professional Ethics

The Association for Practical and Professional Ethics (APPE) is a comprehensive, international organization advancing scholarship, education, and practice in practical and professional ethics. As a multidisciplinary association we bring together academic researchers and teachers, business and government leaders, and professionals from all areas including business, engineering, government, journalism, law, medicine, scientific research, social work, and others concerned with the practical application of ethics and values.

APPE is dedicated to improving ethical conduct in the workplace and to supporting and training the next generation of faculty and professionals. Founded over 20 years ago, APPE is a creative force for innovation by stimulating new research and disseminating models for best practices in ethics. Peer reviewed papers presented at our conferences and symposia cover a full-range of topics in applied ethics and are of special interest to those in specific fields (e.g., business, engineering, government, journalism, law, medicine, science, etc.) as well as those who practice in interdisciplinary and multidisciplinary areas cutting across professions (bioethics, environment, health care, higher education, research ethics, etc.).

The Association’s Annual Conference provides special interest group sessions for those with particular interests in business, journalism, engineering, and social work ethics as well as an Ethics Center Directors Colloquium, a Seminar on the Responsible Conduct of Research, and a Graduate Seminar on teaching ethics. Prizes are awarded for the best papers submitted by early career scholars, graduate and undergraduate students.

APPE supports and facilitates the development of curriculum and new teaching modalities in ethics and values. The Association works closely with colleges and universities, centers, professional associations, and local, state, and national governments to implement programs which meet their specific needs. Throughout the year, the Association sponsors 10 Regional Ethics Bowls among students from college and universities across the United States. Winning student teams from each region are invited to the Annual Conference to compete in the National Intercollegiate Ethics Bowl competition. APPE fostered the creation of the Two Year College Ethics Bowl. Those teams compete in the Two Year College Ethics Bowl Nationals at the APPE Annual Conference.

The Association publishes Ethically Speaking, a newsletter on current ethical issues and activities, a Monograph Series of papers presented at the Ethics Center Colloquium, Profiles in Ethics, a national directory of ethics centers identifying programs and activities, and a complete APPE Member Directory. Individual and Institutional membership information along with special member benefits may be obtained by contacting the national office at:

Sissela Bok, Ph.D.
Distinguished Visiting Fellow
Harvard School of Public Health, Center for Population Studies, Harvard University

Dennis F. Thompson, Ph.D.
Emeritus Alfred North Whitehead Professor of Political Philosophy, Faculty of Arts and Sciences, and Emeritus Professor, John F. Kennedy School of Government, Harvard University

Dennis F. Thompson is Professor of Government and the Alfred North Whitehead Professor of Political Philosophy in the Faculty of Arts and Sciences. He is also a professor of public policy in the John F. Kennedy School of Government, and the founding Director of the University Center for Ethics and the Professions, (now the Edmond J. Safra Center for Ethics). He has served as Associate Provost and Senior Adviser to the President of the University. Thompson’s most recent books are: The Spirit of Compromise: Why Governing Demands It and Campaigning Undermines It (with Amy Gutmann); Restoring Responsibility: Ethics in Government, Business, and Healthcare; and Just Elections: Creating a Fair Electoral Process in the United States. His other books include: Democracy and Disagreement; Why Deliberative Democracy? (both with Amy Gutmann); The Democratic Citizen: Social Science and Democratic Theory in the 20th Century; John Stuart Mill and Representative Government; Ethics in Congress: From Individual to Institutional Corruption; and Political Ethics and Public Office, which won the American Political Science Association's Gladys M. Kammerer award for the best political science publication in the field of U.S. National policy in 1987.
The Honorable T. Bella Dinh-Zarr, Ph.D., MPH
Vice Chairman
National Transportation Safety Board

Keynote Address:  Friday, February 19th, 11:00 a.m. – Noon
Keynote Luncheon in Honor of The Honorable T. Bella Dinh-Zarr, Ph.D., MPH 12:15 p.m. – 1:30 p.m.

T. Bella Dinh-Zarr, PhD, MPH, took the oath of office as the 42nd Member of the National Transportation Safety Board in March 2015, whereupon President Barack Obama designated her as Vice Chairman of the Board for a two-year term.

Vice Chairman Dinh-Zarr trained as a public health scientist, specializing in injury prevention, and has dedicated her career to working to ensure that transportation safety is a policy priority, domestically and internationally. She previously served as the U.S. Director and Road Safety Director of the FIA Foundation, an international philanthropy with the mission of promoting safe and sustainable surface transportation. In that role, she was active in promoting the United Nations Decade of Action for Road Safety and in advocating for transportation safety and injury prevention targets in the UN Sustainable Development Goals. Dr. Dinh-Zarr is proud to have helped initiate collaborative projects to improve road safety, especially for vulnerable populations such as children and pedestrians, in developing countries in the regions of Southeast Asia, sub-Saharan Africa, and Latin America.

Previously, Dr. Dinh-Zarr has held positions at the U.S. Centers for Disease Control and Prevention (U.S. Guide to Community Preventive Services), the National Highway Traffic Safety Administration, the American Automobile Association, and the Texas Transportation Institute. She was a Presidential Appointee to the White House Conference on Aging in 2005 and has championed dignified and safe mobility for older populations through community-based services and technological solutions.

Born in Vietnam, Dr. Dinh-Zarr is the first Asian American Board Member and Vice Chairman of the NTSB. She is a graduate of Rice University in Houston, Texas, during which time she studied at La Universidad Católica de Valparaíso in Chile. She has Master of Public Health (MPH) and PhD degrees from the University of Texas School of Public Health. During graduate school, she completed a fellowship program on alcohol-related injuries with the Cochrane Collaboration and University College London and conducted one of the first systematic reviews on injury prevention in the United States and the first systematic review on seat belt laws and enforcement. Dr. Dinh-Zarr has served as the Chair of the Injury Control and Emergency Health Services for the American Public Health Association, the UN NGO Committee on Sustainable Development, and the Transportation Research Board’s Global Road Safety Subcommittee.
The Association for Practical and Professional Ethics welcomes you to our Book Resource Room.

"...I have found that APPE provides the single best book exhibition room for applied ethics anywhere in the U.S."

Proceeds from publisher registration and advertising fees, as well as sales of donated display copies, help to defray the cost of the yearlong investment of time and resources that is required to create the exhibit. When you shop in the Book Resource Room, you are directly contributing to the Association.

During the Annual Conference, display copies can be purchased at 20 percent off retail cost on a first-come basis, unless marked “not for sale.” The book’s price is marked in pencil on the inside cover page. Display copies may be reserved by purchase (cash, check, or credit) at the Help Desk in the Book Resource Room, but they must remain on display until 11 a.m. on Saturday. Purchased materials may be claimed between 12:30 and 2:30 p.m. on Saturday. All proceeds benefit the Association.

The Association for Practical and Professional Ethics
Announces the
Twenty-sixth Annual International Conference

The Westin Dallas Park Central Hotel, Dallas, Texas
February 23 – 26, 2017

Call for Papers

This call invites individuals from all disciplines and professions working to advance scholarship, teaching and the application of practical and professional ethics. Submissions are invited on ethical issues in all fields, including business, engineering, government, media and journalism, law, medicine, and science, as well as interdisciplinary and multi-disciplinary issues that cut across professions such as action research, biomedical, educational, environmental, public health and research ethics.

We invite submissions in the following categories: (1) Formal Papers or Individual Presentations; (2) Panel Discussions; (3) Pedagogical Demonstrations; (4) Case Study Presentations; (5) Posters and (6) Creative Arts Presentations (e.g., short play, poetry, or fiction). In practice, one individual submission per person will be accepted.

Special Paper Competitions include:
- Best Formal Paper by ★An Early Career Scholar, ★ A Graduate Student; ★ An Undergraduate Student
- Karen M. T. Muskavitch Award for Graduate Work in Practical Ethics
- Best Pre-College Ethics Paper

Additional programs include Author Meets the Commentators and/or Lunch with an Author.
